Response to Detailed Claim Rejections

September 23, 2003

Applicant notes basis of claim rejections and accordingly cancels claims 33 – 35 and submits modified claims. Previously, claim number 34 was used twice and cancellation applies to both claims numbered 34. Total claims has apparently increased by 1 so an additional fee for an additional claim is included.

Applicant appreciates allowance of claims 1 – 32 which are included without change.
